1. Mr. [redacted] counsel for a company known as Resources Research, Inc., telephoned for an appointment to discuss a problem which has arisen concerning property owned by Resources Research, Inc., in which Mr. [redacted] alleged the Agency had an interest. I arranged to see him at 11:00 a.m. on Friday, 23 November. (See my Memorandum for the Record.)

2. Shef Edwards reported that he had the fence inspected. There was definitely no hole in the interior, or the security, fence but there was one in the outer, or boundary, fence. It appeared that horses have been in the area. Probably this was where Mrs. Robert Kennedy and her children have been riding. I told Colonel Edwards to report this to the Office of Logistics and to be sure that it is repaired.

3. Shef Edwards conferred with me as to whether he should grant Tracy Barnes permission to use [redacted] for a conference with the chiefs of the foreign areas. I told him that I thought this was a good idea and thought he should go ahead.

4. H. Gates Lloyd and I spent more than an hour with Dr. Tietjen [redacted] discussing the A&E Staff and the relation of the Psychiatric Staff to it. I was very surprised to find that [redacted] was very much concerned that the transfer of the A&E Staff to the Medical Staff was going to make his psychiatrists second-class citizens, etc. I assured him that we had no idea except to strengthen the combined effort and that he should have no further concern in this area. *H*

5. General Carter telephoned to say that he wanted to promote three of our boys [redacted] I called Emmett Echols, and these promotions were effected immediately. (On Friday, 23 November, General Carter telephoned and was concerned with the security of this action. I told him that, since the Office of Personnel had custody of the records, no one else needed to know about this; and the records [redacted]. He was relieved and thought that this was a good way to handle the situation.)
